

Global Business Camps Business Analysis Software

Business Analysis Software

State of the art tools to assist in determining and achieving your goals!

The Software includes:

- ✓ Tools that allow you to add data to your vision
- ✓ Tools that allow you to measure and manage the actions you put into place
- ✓ Gives your team a clearer picture of your vision

The software has a number of modules, including:

Profit Possibilities

Where you can conduct a 'what if' analysis on your business by making changes to things in your business.

Business Value Change

Highlights how much your business value can change by making changes in your business.

Customer Lifetime Value

Allows you to understand how much a particular customer, client, patient can be worth over their lifetime with you.

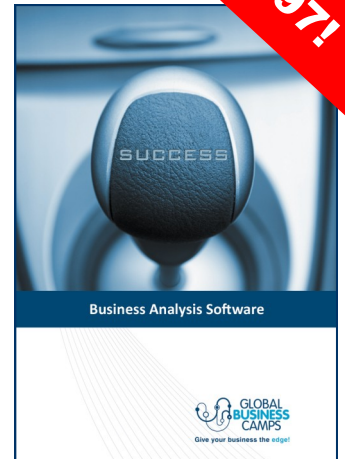

Impact to Sale Price Calculators

Allows you to see what impact a price increase or decrease can have in your business. The power is truly understanding that price increases and decreases can have dramatic effects on your profit.

Margin and Markup Calculators

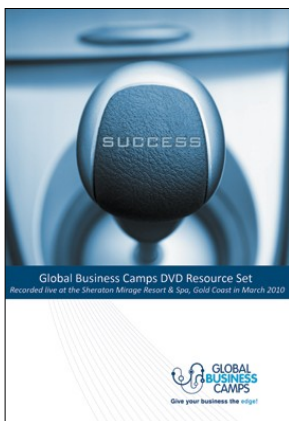

Often margin and markup is completely misunderstood. This tool allows you to easily work out your margin and markup.

The software is easy to use but very powerful. A must have resource for anyone in business!

ONLY \$297!
