

# Become the Advisor you want to be

Imagine spending 3 days away with your clients, discussing their business. There will be lots to do at the end of it. Who is better placed to help deliver the outcomes than you - the person who was involved in the development of their plans.

Building stronger client relationships is the minimum you will achieve by bringing some of your clients to our Global Business Camps. But successful development of advisory relationships is what you should expect.

That's why Global Business Camps deliver to accountants the formula to develop a long lasting and successful business advisory relationship.

## What are Global Business Camps?

This 3 day camp is built around a process developed over many years, working with you and your clients to help move both of your businesses to the next level, whilst also further enhancing your value in your clients eyes.

# Don't just take our word for it.....

Here's what a few past attendee's have said

“ We went to last year's camp. We followed it up with a staff retreat. Our profit from the end of the retreat (early May) to the end of the year beat the period leading up to the retreat (July to May). I can't recommend these camps enough to any business owner. ”

**Peter Johnson from Access Law Group**

“ I have been to 3 Business Camps and they have helped me grow my businesses. We could have gone out of business if it was not for our accountant taking us to Business Camps. Thanks to Peter (our accountant) and to John and the team at Global Business camps for changing our lives. From the bottom of my heart everyone in business should go to the camp. ”

**Michelle Garvey from Refined Interiors**

“ Our clients had a great time & you have helped us to transform the thinking of 3 more clients so that they have a real chance of taking control of their destiny. That is priceless for us as a professional firm. We feel privileged to have been a part of the GBC process 3 times. Rest assured that we will be pulling out all stops to be there again next year. ”

**Gary Packer - GPA Accounting**

“ The camp just provided us with a low cost entry point for clients to get a taste of the value we can add. We did not need to hard sell to them after the camp, just to run through how we could help. ”

**Randall Corless - Partner**

“ The camp has given me a framework to help increase client's profits and improve their lifestyle. ”

**Peter Hassos – Hassos & Associates**

“ Being able to take clients along to a business camp like that really adds value to our relationship with them. It opens their eyes as to what we as proactive accountants want them to achieve for their business. Clients are crying out for this type of help. Thank you for being so passionate about what you do delivering for three days. It makes all of our jobs easier. ”

**Michelle Sytsma CA**

“ The camps, over the years, have allowed us to strengthen our relationships with more than 16 like minded clients and 40 people within those organisations. These clients now see us as the primary advisor in so many facets of their businesses. ”

**Jeremy Nicoletto - Partner**

“ The most exciting new development for the profession this century...an event where all you need to do is invite and attend with 5 SME clients. ”
